Thermal Control Specialists

April 1, 2022

To Our Customers,

Portage Electric Products, Inc. condemns the invasion of Ukraine by Russia. This unprovoked attack on the people of Ukraine is unconscionable. Pepi[®] does not, and has not, knowingly sold its products to nor purchased materials from entities in Russia nor Belarus. This practice will continue. Our thoughts are with the people of Ukraine, and we stand with the global community in calling for the immediate cessation of this war.

Pepi[®] does not, at this time, see that this war will directly affect our operations. The effects of this war on already-strained supply chains remains to be fully realized, but Pepi[®] will work diligently to negate any impact to ensure continued flow of products to our loyal customers.

Let us all pray for peace and keep the Ukrainian people first and foremost in our thoughts.

Sincerely,

Portage Electric Products, Inc.
